- Voice Record and Playback
- 240 Lessons
- Oral Reading, Vocabulary, Grammar and Structure
- Phonics and Spelling
- Language Practice Games
- 12 Mastery Tests
- Kids' Placement Test
- Teacher's Guide
- Award-winning Records Manager
- Intelligent Tutor

Overview

Let's Go focuses on the basic framework of English. It follows the 4-skills path: listening, speaking, reading and writing. Designed specifically for English language learners, it develops the language base that is a prerequisite for effective literacy development. An early emphasis on the oral skills, vocabulary, and phonemic awareness is followed up with spelling, sentence-construction, and sentence reading exercises. Sam and Ginger - two playful cats - teach songs and rhymes, social routines, and provide useful feedback throughout the course.

Each unit has age-appropriate lessons that feature songs, dialogs, vocabulary, listening comprehension, interactive exercises, phonics, and a wide variety of engaging games. The placement test and a series of 12 mastery tests keep students working at an optimum level, and DynEd's Records Manager provides detailed study information and progress reports about each student.

No keyboard is required! All control is through the use of a mouse and clear, easy-to-understand graphics. Let's Go includes a Teacher's Guide to help teachers guide the learner and provide classroom support.

For older children, please see First English and English for Success.
